09. BRATISLAVA - Capital City

The Capital of the Slovak Republic, in BEST known as PARTYslava also referred to as the Beauty on the Danube river. Bratislava is situated among the warmest places in Slovakia - in the Danube lowland.

The history of the city is very rich and it began in the fifth century. At that time the first Slavonic tribes arrived into this locality. They formed their own principality which soon gave a race to the Great Moravian Empire in the 9th century. In 1291 Bratislava become a free royal town. Now it's an administrative, political and economic center of the state.

10. SLOVAK TECHNICAL UNIVERSITY

STU

SLOVENSKÁ TECHNICKÁ
UNIVERZITA V BRATISLAVE

Slovak University of Technology in Bratislava (STU) is a modern educational and scientific institution. Since its foundation in the year 1937 more than 145.000 students have graduated. In average, 17.000 students study at the STU every year. At present, the STU consists of seven faculties based in Bratislava and Trnava.

All the faculties provide a study in accredited study programmes within the complex system of a bachelor, master and PhD. study. Faculties realise credit system compatible with the European credit transfer system enabling mutual mobility of students within EU member countries and a larger European space. In the area of scientific and research activities the STU successfully joins European Union programmes.

The Slovak University of Technology (STU) in Bratislava comprises seven faculties. The Faculty of Materials Science and Technology (MTF) with the campus in Trnava is one of them. It educates versatile and flexible graduates who perform successfully in a wide scope of professions.

The Faculty of Materials Science and Technology in Trnava was established on 1 January 1986 by degree of the Czechoslovak Government. It was originally named the Faculty of Machine Technology. You can study programs like Industrial management, Quality production, Production technologies and many others. You can choose this faculty as your ERAZMUS University for example.

11. BEST AND BEST ONLINE COURSES

Local BEST group in Bratislava is a voluntary, apolitical, non-profit and non-representative international association of European students of technology. We do everything out of the free will. We are politically neutral. We attempt to make no profit from our actions. We represent no one. We are based in Europe. We are there for European students of technology. As an organisation, our vision is Empowered Diversity, and our mission is to Develop Students. Our main goal is to provide complimentary education by bringing significant added value to the education provided by universities, but we also offer career support by connecting students with their future employers.

BEST online courses

Each of the courses has different theme from technical area, for example data processing, artificial intelligence, automotive industry, robotics or biomechanics. During the last year we organized summer course targeted on problems in education. Students from whole Europe adressed these problems together with our university, professors and various companies, which were interested in the theme.

MEET THE
TEAM

MAIN ORGANISER

Hi, I am responsible for creating this amazing event.
